
CRANE Composites

10/9/2017

We are announcing a 5% price increase effective on all products with orders shipped on or after December 4th, 2017.

While Crane Composites is dedicated to productivity improvements in order to control costs, the escalating raw material costs, as well as packaging and freight costs, have resulted in the need for Crane to announce this general price increase.

We appreciate the trust and confidence you have given Crane Composites and our team throughout the years.

Sincerely,

Drew Franzen
VP of Building Products
